DIARY NOTES

25X1A

DD/S [REDACTED]

11 October 1957

1. Agreed with Jim Garrison that it might be desirable for him to make a trip to Europe in November inasmuch as I probably will not be able to do so until after the first of the year.

2. Jim advised me that he needed some policy guidance on whether or not to cancel some of the orders which he has in the mill for Asiatic flu vaccine. I asked him to speak to Dr. Tietjen about this and to have Dr. Tietjen consult with me if necessary.

3. Talked to Jim about the [REDACTED] case. He said that as a result of his conversation with General [REDACTED] he understood that [REDACTED] was looking only at the allegations concerning improper advances in July. I told him that I didn't see how he could separate the two and that in any case he should turn over to [REDACTED] whatever information we had on the September trouble and take no further action until his investigation was completed.
